## Care of Cutlery

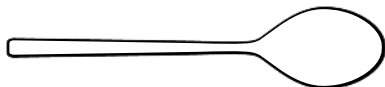

Remnants of food can cause tarnishing, so rinse dirty cutlery as soon as possible after use. If washing by hand, use warm soapy water, rinse immediately in hot water and wipe dry with a soft clean cloth. If using a dishwasher follow the manufacturer's instructions.

Do not mix silver with stainless steel items. Wash cutlery as soon as possible after use, and remove as soon as the dishwasher has completed its cycle. Wipe dry with a soft clean cloth. All products guaranteed against defects in normal use.

Items available as loose boxed dozens in this pattern include:

Tea Spoon (TES)

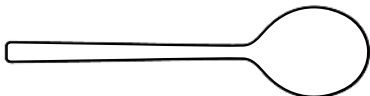

Dessert Spoon (DS)

Dessert Fork (DF)

Dessert Knife (DK)

Soup Spoon (SUS)
